

Kellton Tech wins ‘Best e-Governance Initiative of the Year’ Award at Digital India Summit

New Delhi – May 26, 2017: Kellton Tech, a global leader in digital transformation, announced today that it was awarded the ‘Best e-Governance Initiative of the Year’ at BW Businessworld Digital India Summit 2017.

Kellton Tech is a pioneering innovator in digital transformation, driving rapid change in the way enterprises operate. Capitalizing on the digital technologies like mobility, analytics, cloud & IoT, it helps enterprises in operations optimization, streamlining and accelerating processes, and digital system integrations. Consequently, the real-time delivery of data and insights empowers prompt and informed decision-making, enabling agile enterprises that thrive in an increasingly disruptive world.

Kellton Tech’s experience-enriched expertise and vast technological arsenal coalesce to give it tremendous edge in implementing e-Governance projects. Harnessing its digital prowess, Kellton Tech has enabled digital transition of government services, thereby enhancing their citizen-centricity, reliability, transparency and response time. This ensures better decision making and deep level execution, which ensures that benefits reach to a citizen, even at village level. Kellton Tech has been able to deliver to the scale required for such projects.

Expressing his delight on receiving the award, Niranjana Chintam, Founder and Executive Chairman, Kellton Tech said, “We are happy to be recognized for digitally transforming the delivery of public services to citizens, and play a part in mission ‘Digital India’. We have used ingeniously developed, homegrown innovations that are dovetailed to the unique needs and on-field environment of India. We are encouraged by this recognition, and reaffirm our commitment to leverage Digital to deliver more innovations that bring greater benefits to citizens through more comprehensive e-Governance initiatives.”
